TRAVELANDLEISURE.COM | VOTE NOW FOR AMERICA'S FAVORITE CITIES

the new way to fly

Air Canada's Executive First® Suites have raised the bar for business-class travel to Europe, South America, Asia, and Australia. Voted by the readers of *Business Traveler* as the Best North American Airline for International Travel in 2008, Air Canada's sleek fleet is outfitted with superior amenities so you arrive feeling refreshed and ready to go.

RECLINE IN STYLE

Airplane seats have come a long way since the days when a fold-out tray was the only in-flight convenience. Air Canada has continually kept up with the latest trends and upgraded the flying experience with cutting-edge amenities. In Executive First® Suites, you'll find the freedom of fully flat beds and aisle access at every seat. The seats recline all the way back with the touch of a button so that you can sleep or simply put your feet up while you work. Plus, there are features to prevent back strain, like lumbar support and in-seat massage settings.

ROOM WITH A VIEW

Each seat has savvy touches to create your own personal sanctuary for work and rest, such as ambient lighting. The large personal touch-screen TVs provide more than 300 hours of entertainment with on-demand videos and a USB port for game controllers. Plug in your own noise-canceling headphones to the single-pin audio jacks and scan XM satellite radio for your favorite music and talk shows. Catch up on work with handy in-seat power for your laptop, snooze with the comfy pillow and duvet, and enjoy delicious meals to keep your energy up.

PRIORITY PERKS

Even before you board, you'll receive exclusive Executive First® benefits. At the airport, you'll have access to a Maple Leaf™ Lounge and Concierge service to help with any last-minute travel needs. You'll also be welcomed by priority check-in with an extra baggage allowance and priority boarding at the gate. At select airports, you'll even be whisked through a priority security clearance. All around, the experience is as comfortable as it is refined.
